POSITION ANNOUNCEMENT
Clinical Assistant Professor of Mathematics Education

The Department of Mathematics and Science Education at University of Georgia invites applications for the position of Clinical Assistant Professor with expertise in Mathematics Education to begin in August 2018. The position is an academic year appointment with the possibility of summer employment and is contingent on available funding. Although this position is not tenure track, it is renewable and has a well-structured promotion system. Clinical positions play a critical role in the mission of the department, college, and university. In recognition of the importance of clinical faculty, starting salaries are on par with tenure-track faculty salaries and are competitive and commensurate with experience and qualifications.

The Department of Mathematics and Science Education consists of 8 full-time mathematics educators and 9 full-time science educators. The Mathematics Education Program offers BSEd, MEd, MA, MAT, EdS, and PhD degrees; attracts and supports national and international doctoral students; and has strong collaborative relationships with colleagues in mathematics, statistics, quantitative and qualitative methods, and area school districts. The College of Education consists of 9 departments and approximately 220 faculty members. It is ranked 34th nationally and is home to numerous programs ranked in the top 10 nationally.

Minimum Qualifications:

- A doctorate in mathematics education or related field earned by the start date.
- A minimum of five years of in-field mathematics teaching experience as a fully certified teacher in public school settings.
- A record of successful teaching of college/university mathematics education courses or demonstrable potential for such instruction.
- A record of collaborative professional interactions or service supporting students, teachers, the institution, or the discipline, or demonstrable potential for such engagement.
- A bachelor's degree in mathematics or mathematics education or equivalent coursework.

Preferred Qualifications:

- Experience working with teachers or students in two or more grade bands, with one or more years in each.
Responsibilities will include all of the following:

- Teach undergraduate and graduate level mathematics education courses for prospective elementary, middle grades, and secondary mathematics teachers.
- Provide instructional leadership and mentoring to graduate teaching assistants who teach the same courses.
- Advise graduate students.
- Coordinate initial certification programs in mathematics education.
- Participate in on-going program development within the Department of Mathematics and Science Education and the College of Education.
- Engage in departmental, college, university, and professional service.

Procedure:
Applications received by December 15, 2017 are assured full consideration. We will continue to accept and screen applications until the position is filled. A complete application includes

- A letter of application that addresses qualifications and responsibilities in the areas detailed above.
- A current curriculum vita.
- Transcripts for all degrees earned (unofficial transcripts accepted initially).
- A statement of teaching philosophy (not to exceed 2 pages).
- Three letters of recommendation submitted by your references via FacultyJobs.

All materials should be uploaded electronically to FacultyJobs: [http://facultyjobs.uga.edu/postings/2738](http://facultyjobs.uga.edu/postings/2738)

Please direct inquiries to the search committee chair, Dr. AnnaMarie Conner (aconner@uga.edu).

Local Context:
The University of Georgia is a land- and sea-grant research-intensive university with approximately 35,000 students. Athens is a quintessential college town and is on many “best of” lists, including Most Affordable Cities ([Mint.com](http://mint.com)), Best College Towns ([numerous](http://numerous.com)), Best Places to Retire ([Forbes, CNN Money](http://fortunes.com/cnnmoney/)), America’s Prettiest Towns ([Forbes](http://forbes.com)), 7 Up and Coming Food Cities ([Zagat](http://zagat.com)), Best Small Place for Businesses and Careers ([Forbes](http://forbes.com)), and Best Local Music Scene ([Budget Travel](http://budgettravel.com)). Athens’ location 75 miles northeast of Atlanta makes for convenient access to Atlanta, Savannah, Nashville, Charlotte, the Great Smoky Mountains, and hundreds of miles of the Eastern seaboard.

The University of Georgia is an EEO/AA/Vet/Disability Institution. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, gender identity, sexual orientation or protected veteran status. Protected veterans and individuals with disabilities are encouraged to apply. Persons who need assistance with the accessibility of materials related to this search are encouraged to contact the search committee chair. Hiring is contingent on proof of eligibility to work in the United States and completion of a background check, among other requirements.
