Current areas of professional practice or specialization:

Desired areas of specialization or professional expertise sought through the Ed.S. program:

The program of study for the SLP/CSD Ed.S. is planned jointly by the student and his/her advisor based on the student's previous educational and professional experiences and desired areas of specialization and practice. All courses for an Ed.S. program of study must be taken and completed while the student is admitted as an Ed.S. student. Transfer credits and total duration of degree program are limited by the Graduate School.

Program of Study Worksheet
30 hours total are required for the Ed.S.

Area 1: Research (9 hours)		
<i>One research methods course relevant to the student's interests is to be selected (single-subject design, ANOVA, qualitative methods, etc.)</i>		
<i>A total of 6 hours of CMSD 7650, Applied Project, is required. These hours may be taken in one or two semesters, to allow planning, conduct, and analysis of the project.</i>
