For 11 months of the year, we collect, inspect, sort, and box books, only to give them all away each May. Books we can’t use are sold at our annual BFK Book Sale each August. Books for Keeps’ primary program is a research-based effort to end “summer slide,” the learning loss suffered by many children when they are away from school. Mercy Health Center

Mercy exists as an extension of the local Christian community and seeks to be an avenue of ministry for area churches. The vision for this ministry began to form in the fall of 1999 when God brought together a small group of individuals with a common desire to use medicine as a doorway to minister the needs of the low-income uninsured in Athens, Georgia. For two years, this small group continued to pray about their vision, and as they did so, their group expanded. On September 10, 2001, Mercy opened with a prayer, and volunteers began to care for the medical, emotional, spiritual, and pharmacy needs of the patients who arrived. Sunday school classrooms at Redeemer Presbyterian Church served as makeshift exam rooms and an office became the pharmacy.
